

Procon

MINING & CIVIL CONTRACTING SOLUTIONS TAILORED TO MEET EVERY NEED

Established in 1992, and headquartered in Burnaby, British Columbia, Procon is one of the leading underground mining contractors in North America. Our comprehensive skillset includes the ability to build and operate the most complex underground mining and civil infrastructure projects, often in remote Northern locations.

Together with our Indigenous partners, Procon offers tailored solutions to meet our clients' equipment, production and personnel requirements. Over the past 30 years, Procon has proudly operated and executed projects across North America and internationally.
